The original and the new client are jointly and severally liable for the payment of the stay and the costs, if they arise to the CK VICTORIA in connection with the change. CK VICTORIA is entitled to charge a manipulation fee at the amount of EUR 4 or EUR 11 for a change made in the Order of Services pursuant Section 4 line a, of this Article of the Terms and Conditions, if the announcement of the change is accepted by CK in the period shorter than 8 days before the commencement of the performance.

- b) CK VICTORIA carries out changes of terms and conditions agreed in the Order of Services based on a wish of the client, if it is necessary. Carrying out of such changes is subject to the payment of the manipulation fee at the amount and under the terms and conditions stated below. The fees are always charged for each person:

- b) the change and amendment of personal data of the client before the commencement of the drawing of services: 8 and more days – EUR 2, 7 and less days – EUR 4
- bb) the change of the term of the stay, place of the stay or the type of accommodation: 63 days and more days – EUR 25.

In case of a change in the period shorter than 63 days until the commencement of drawing the services the change is considered to be a withdrawal from the contract on the part of the client and the client is obliged to pay the compensation pursuant Article VIII of these Terms and Conditions to CK VICTORIA.

- bb) other changes in the Order of Services: 8 and more days – EUR 4, 7 and less days – EUR 11.

Article VII WITHDRAWAL FROM CONTRACT

1. CK VICTORIA is entitled to withdraw from the contract before the commencement of the drawing of services which are the subject-matter of the contractual relationship from the following reasons:

- a) breach of obligations by the client
- b) because of the cancellation of the stay

The CK VICTORIA sends the written notice on the withdrawal from the contract stating the reason to the client by email.

2. The client is entitled to withdraw from the contract anytime before drawing the services:

- a) without stating the reason
- b) if a new contract is not concluded pursuant the provision Article VI Section 1 line b, or pursuant Article VI Section 2 line b, of these Terms and Conditions. It is possible to execute the notice on withdrawal from the contract and in case of the withdrawal pursuant line b, of this Article stating the reason only in a written form by email. The effect of the withdrawal from the contract comes on the day of the delivery of the written notice.

3. The client is obliged to pay compensation at the amount stated in Article VII of these Terms and Conditions if the reason for withdrawal from the contract by the client is not a breach of obligations by CK VICTORIA stated in the contract or if CK VICTORIA withdraws from the contract before drawing the services based on the breach of obligations by the client. CK VICTORIA is obliged to return all which CK VICTORIA received from the client as a payment of the price of the services after the deduction of the compensation (cancellation fee) to the client pursuant cancellation of the contract.

4. CK VICTORIA is obliged to return all which CK VICTORIA received from the client as a payment of the price of the services pursuant the cancellation of the contract without unnecessary delay if the reason for the withdrawal from the contract by the client is the breach of obligations by CK VICTORIA stated in the contract or if a new contract is not concluded pursuant Section 2 line b, of these Terms and Conditions and the client is not obliged to pay the compensation to CK VICTORIA.

Article VIII COMPENSATION

1. If CK VICTORIA withdraws from the contract concluded with the client pursuant Article II Section 2 of these Terms and Conditions before the commencement of drawing the services because of the breach of liabilities by the client, CK VICTORIA is entitled to demand compensation and the client is obliged to pay the compensation.

2. If the client withdraws from the contract with the subject-matter of the contractual relationship pursuant Article II Section 2 of these Terms and Conditions, the client is obliged to pay the compensation.

3. The compensation is charged from the complete price of all ordered services. The amount of the compensation depends on the day of the delivery of the written notice on the withdrawal to CK VICTORIA and is:

- 0 % when withdrawing within the period more than 14 days before the commencement of the drawing of the tourism services;

- 90 % when withdrawing within the period of 14–1 days before the commencement of the drawing of the tourism services;
- 100 % when withdrawing within the period of 0 days before the commencement of the drawing of the tourism services.

4. If the client does not start the stay or does not draw the tourism services without withdrawal from the contract or because of the fact that he did not fulfil the obligation pursuant Article IV Section 2 line d, the client pays 100 % of the in advance stated price.

5. CK VICTORIA is entitled to deduct the compensation from the paid advance or from the paid price.

6. When determining the number of days for the calculation of compensation, the stated number of days contains also the day when the effects of the withdrawal from the contract occurred. The day of start of the accommodation does not count into the number of days.

Article IX CODE OF CLAIMS

1. This code of claims regulates the way of raising the claims of the client arising from the liability of CK VICTORIA for defects of provided services and its organizations.

2. This code of complaints refers to the services provided by CK VICTORIA directly or via other suppliers of services within the concluded contractual relationship.

3. The client is obliged to make a complaint concerning the possible defect without unnecessary delay at the representative of CK VICTORIA at the place of the stay or at the representative of the facility providing the services in such a way so that remedy could be carried out at the place itself. That is the only way to eliminate the defective state, to add the service or to provide the service once more.

4. If the client decides to raise the claim about the defect after the end of the stay at CK VICTORIA, it is convenient to execute a protocol about the established defects, state the name of the employee who was informed about them and state the way in which the defects were/were not eliminated. The employee who was informed about the defects signs this protocol and the client signs the protocol himself.

5. It is possible to file the complaint in a written form by email without unnecessary delay at the latest 1 month after the end of the stay or provision of the last service. We recommend executing a protocol on established defects pursuant Section 4 of these Terms and Conditions, in particular regarding more complicated complaints.

6. The result of the complain proceedings is announced to the client by email at the latest within 30 days from the date of the filing of the complaint.

7. If the client does not consider the processing of the complaint to be satisfactory, he is entitled to ask for review of the correctness of the procedure, possibly reassessment of the complaint. The review is carried out within the period of 30 days.

The processing of personal data is necessary for the purpose of fulfilling CK VICTORIA's contractual obligations towards customers and for the fulfilment of legal obligations governing the protection of personal data and their processing. In particular, the Customer's identification and contact details and other information contained in the Tour Contract or Service Order, or data collected in connection with such performance, will be processed. The Customer further agrees that CK VICTORIA may take photographs of him/her during the tour and also agrees to the use of such photographs in CK VICTORIA's promotional materials.

Customer acknowledges that he has the following rights in particular as a data subject:

- a) Photocopy of the Photograph may be revoked at any time by submission to the CK, either to CK or e-mail.
- b) Require the CK to access personal data relating to its person, repair or erase them, may require restrictions on the processing of their personal data, object to the processing of personal data, and data transfer rights.

- d) The right to file a complaint with the Supervisory Authority,

such as the Office for the Protection of Personal Data.

CK VICTORIA is not liable for damage caused by the breach of legal obligations, if it proves that CK VICTORIA did not cause the damage, and other suppliers of the services did not cause the damage within the scope of the concluded contractual relationship either. However, the damage was caused by:

- the client
- the third person who has no connection with the provision of the stay
- an unavoidable event, which could not have been prevented despite making all the possible effort which may be required.

CK VICTORIA reserves the right for possible differences in the catalogue, possibly web pages compared to the facts which it could not influence and which occurred after the closing date for the catalogue possibly which were not known to the travel agency. CK VICTORIA reserves the right to cancel the stay based on the reason of so-called force majeure (political disorder, natural disasters etc.) The late check in at the accommodation based on the delay of own means of transport does not create the right to a late check out of the accommodation facility on the day of departure.

The catalogue and web pages of CK VICTORIA offer a basic description of individual accommodation facilities in the way corresponding with the reality. Other information may be handed over based on a request. The accommodation at the place of the stay is fully subject to the provider of accommodation – provider of services. The requirements of the client for accommodation in a concrete mobile home may be secured by CK VICTORIA for the fee of EUR 20/mobile home stated on the Order of Services. The fact that the requirement for the concrete mobile home was not fulfilled by CK VICTORIA, does not enable the client to withdraw from the concluded contract on the part of the client without the obligation to pay compensation under any circumstances. In case that the requirement for the concrete mobile home is not fulfilled, the amount EUR 20/mobile home is returned to the account of the order.

The possibility of trips and the service Victoria stated in the catalogue is not the subject-matter of the contractual relationship. These are additional services, paid at the place of the stay, the participation is voluntary and CK VICTORIA is not liable for its realisation. The impossibility to draw any facultative services based on the seasonal reason, a low number of participants etc. does not enable the change of the terms and conditions of the Order of Services as well as it does not enable the client to withdraw from the contract without paying the compensation. The complaint about the facultative services is possible only at the place of the stay at their provider.

The client explicitly takes into consideration and agrees with the fact that the travel agency is entitled to create any picture (especially photographic), sound and picture-sound records of the client (i.e. including all the elements and manifestations of his personality) anytime in accordance with the provision Section 84 and following the Act n. 89/2012 Sb., Civil Code, in its valid version (later on the “Civil Code“); the travel agency is entitled to retouch these created records during the stay and after it and to publish them in their original as well as changed form in their promotion materials (printed catalogues, leaflets, web pages, social networks, newsletters etc.) and to spread them in all the possible ways individually as well as in connection with other records, parts and elements. All consents stated in this provision are granted in the locally and quantitative unlimited scope for an unlimited period of time possibly until their possible revocation on the part of the client in accordance with the provision Section 87 Civil Code. The client grants all consents free of charge.
